

Biographical Sketch

Stefan Eom

April 2009

Stefan Eom serves as the Director of Architecture and Policy Division under Office of the Chief Financial Officer at the U.S Department of Agriculture. As the project manager for the Financial Management Modernization Initiative (FMMI), he also is responsible for leading the implementation of the FMMI COTS solution including the rollout of each agency into FMMI based on a prescribed schedule. Stefan has over 19 years of experience in the information technology field, managing all phases of development of numerous enterprise-wide, mission-critical systems. His recent experiences include managing the operations and upgrade of Momentum Financial Management System.

Working full-time, Stefan earned Masters degrees in Business Administration and Finance in 1996 from Robert H. Smith School of Business at the University of Maryland and a Masters degree in Computer Science in 1992 from West Chester University.
